

Partners for Progress Maize Education Foundation

Partners for Progress funds the Bookmobile, and grants to school teachers and students for learning enrichment in the Maize School District.

Donations to this foundation have resulted in more than \$65,000 in grants awarded this school year. Every penny we raise influences student success through these educational programs. Partners for Progress focuses on funding projects that benefit the largest number of students possible.

In the face of state budget cuts, your support is more important than ever.

Foundation board member, Mandi Martinson, presents MCE principal, David Jennings, with a \$19,646.72 check to purchase laptops for the school.
